

On the mobile app, students submit assignments, teachers provide feedback, and the assignments are publicly displayed

I. Feature Introduction

After students complete the homework assigned by teachers, teachers can comment on the students' homework and publicly display it for other students to view.

II. Purpose of Use

Help teachers provide one - on - one guidance by commenting on students' learning progress.

III. Usage Scenarios

Suitable for scenarios where students complete course assignments online and teachers provide online comments.

IV. Operation Path

Student App (H5 Online Store): Personal Center → Learning Tools → Assignment List → Do Homework → Submit Homework

Teacher App (H5 Commenting): Personal Center → Learning Tools → Assignment List (Assigned by Me) → Comment/Publicly Display

V. Usage Tutorial

Students submit homework on mobile devices:

1. Students submit homework on mobile devices

Step 1: Locate the assignment entry. Find the corresponding assignment through the [Course Details] → [Course Interaction] → [Assignments] section.

① Entry from the course details page

② Entry from the personal center. Find the assignment list of purchased courses through [Personal Center] → [Learning Tools] → [Assignments] → [My Assignments].

90679800_1640163076.png

Step 2: Click on the assignment to enter the details page. Click the [Do Homework] button to start answering the assignment. After finishing, click the [Submit Homework] button to complete the assignment.

Answer instructions: For objective questions, students can answer by clicking on the options. For subjective questions, students can answer in the form of text (up to 1024 characters), pictures (up to 9 pictures), and voice (up to 5 voice messages, each 60 seconds long).

2. Homework Commenting/Public Display

After students submit their homework, only teachers, teaching assistants, and the students themselves can see the submitted homework. Teachers and teaching assistants can choose [Publicly Display]. After public display, the student's homework will be visible to other students who have purchased the course.

Revision #2
