

The promoter's promotion method is normal. What possible abnormal situations may affect the promoter's binding of customer relationships?

- Confirm whether the promoter is also a reseller. The binding relationship of the reseller takes precedence over that of the promoter.
- Confirm whether the customer has been bound by other promoters, and whether the rule of not allowing poaching customers is set in Customer Management - Binding Rules or if it is within the protection period.
- If the customer is also a promoter and has a binding relationship with oneself, you can check whether the function of **Self - purchase Commission**
- In the WeChat built-in sharing menu [...], you can only click [Forward to Friends] or [Share to Moments]. Selecting "Copy Link" cannot bind the relationship!
