

What ways can users become promoters?

1. Click the Promotion Center and apply to become a promoter. If the merchant has set conditions, the application switch will only be enabled after the user meets the application conditions.
2. Click the recruitment link shared by the merchant from the backend and apply to become a promoter. If the merchant has set conditions, the application switch will only be enabled after the user meets the application conditions.
3. Scan the invitation poster for friends sent by other promoters and become a promoter upon the invitation of other users.
