

Obtain WeChat Merchant ID

In this tutorial, you can obtain your WeChat merchant ID in the following ways:

Step 1: After completing the authorization process in the previous step, open a new browser tab and log in to the authorized WeChat Official Account on the WeChat Public Platform (Login URL: <https://mp.weixin.qq.com/>).

Step 2: Click on [WeChat Pay] in the left sidebar.

- If your Official Account has already enabled the WeChat Pay function, you can view the merchant ID and relevant transaction information.
- If not, you need to apply for activation on this page.
- For users who have just enabled the WeChat Pay function, it takes about 1 day for the merchant information to be generated.

Step 3: Record the merchant ID for future use.
